Born to be Wild is an inspired story of love, dedication and the remarkable bond between humans and animals. This film documents orphaned orangutans and elephants and the extraordinary people who rescue and raise them — saving endangered species one life at a time. Stunningly captured in IMAX®, *Born to be Wild* is a heartwarming adventure transporting moviegoers into the lush rainforests of Borneo with world-renowned primatologist Dr. Birute Galdikas, and across the rugged Kenyan savannah with celebrated elephant authority Dame Daphne Sheldrick, as they and their team rescue, rehabilitate and return these incredible animals back to the wild.

Narrated by Academy-Award® winner Morgan Freeman. This Warner Bros. film is produced and distributed by IMAX Corporation.

This IMAX® fan favourite is returning due to popular demand for a limited engagement this summer.
