

Mysteries of the Unseen World

Rated: G

Running Time: 45 min.

2D Film

Opening on Fri. Oct 9

Produced in 2013

Mysteries of the Unseen World takes audiences on an extraordinary journey into unseen worlds and hidden dimensions beyond our normal vision to uncover the mysteries of things too fast, too slow, too small or simply invisible.

Using innovative high-speed and time-lapse photography, electron microscopy, and nanotechnology, audiences are transported to the enthralling secret world of nature, events, and breathtaking phenomena not visible to the naked eye.

Travel to places you have never been before, to see things beyond your normal vision, yet literally right in front of your eyes. Here science, discovery and exploration will burst from the screen to captivate you. Visually stunning and rooted in cutting-edge research, Mysteries of the Unseen World will leave you enthralled as you begin to understand the enormity of the world you cannot see.

Too fast, too slow, too small – you won't believe your eyes.
